talking
together

is a unique initiative that brings older adults together for stimulating telephone-based conversations about topics of shared interest. Just select and register for a group and we will do the rest. We will call you on your phone when the discussion is about to start and connect you to your group. Then you enjoy 45 minutes of discussion, facilitated by a skilled leader.

Please join us!

A journey through Wicken Fen

Tony Winchester

Mondays (6 weeks) 24 Oct – 28 Nov • 1.15pm

Volunteer ranger Tony Winchester will take you on a journey through the reserve, talking about the conservation work that happens there, the natural world that we can encounter and the effect this special place has on people. Join Tony with your own thoughts and experiences of nature, wildlife and the beautiful Fen landscapes around us.

Poems, stories, articles – short forms of storytelling

Liz Williams

Mondays (6 weeks) 24 Oct – 28 Nov • 2.15pm

Poems, short stories, chapters of a novel, even newspaper articles, use imaginative words to tell a story in a short time. In this

inspirational conversation about short forms of telling a story, Liz will introduce a collection of bite-sized images of life by David Sedaris that are both funny and uplifting. All participants are invited to bring poems, a book or newspaper article of their choice to discuss with the group.

Cambridgeshire Stories

Mike Petty

Mondays (6 weeks) 24 Oct – 28 Nov • 3.15pm

Mike Petty has been hearing and sharing stories of Cambridgeshire for more than 50 years; what can you add to the memories of local life?

Join in a series of weekly discussions that can cover any or all areas of the County. Each week the group might draw inspiration from events taking place on that date in years past. Stories from local newspapers show that today's news has often happened before!

Ariadne in Cambridge – art, environment and migration

Prerona Prasad, Heong Gallery

Thursdays (6 weeks) 27 Oct – 1 Dec • 1.15pm

The artist Gavin Turk recently unveiled a sculpture of the mythical heroine Ariadne in Station Square, Cambridge. An exhibition at The Heong Gallery unravels the many threads that led to Ariadne's arrival in Cambridge, starting with the myth of Theseus and the Minotaur and ending with contemporary concerns about the environment and migration.

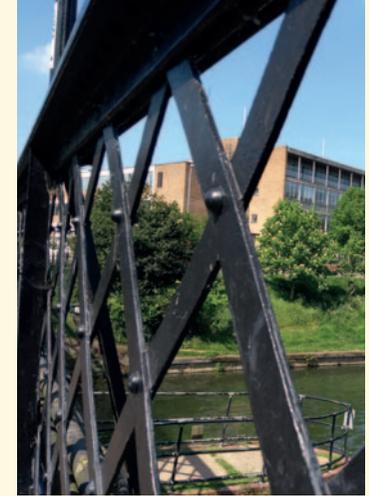

Cambridge's industrial past

Pam Halls

Thursdays (5 weeks) 27 Oct – 1 Dec* • 2.15pm

Today, Cambridge is known as an international centre for technology, but it was once home of brewers, ironfounders, builders, printers and even had its own gas and electricity works. There are some fascinating stories to tell and traces of these industries around our streets to be found. Explore the impact of industries on people, communities and the environment of Cambridge with local historian Pam Halls.

*NB no session 3 November

Stem cell discoveries: transforming human health

Researchers from the Cambridge Stem Cell Institute

Thursdays (6 weeks) 27 Oct – 1 Dec • 3.15pm

Our mission at the world-leading Cambridge Stem Cell Institute is to transform human health through a deep understanding of stem cell biology. Take a tour of our research, from the biology of a stem cell to how discoveries contribute to better treatment of health conditions such as cancer and Parkinson's Disease. Chat to our scientists and find out more about the fascinating powerhouses that generate all cells in our bodies.
